Attorney

TO: Parents, Guardians and School Employees

FROM: Erlanger-Elsmere School District & LEA Asbestos Coordinator, Bill Ford

DATE: 2019-2020 School Year

This notice is being issued to inform concerned individuals. The Erlanger-Elsmere Board of Education meets both National and State regulations that relate to asbestos-containing materials (ACBM).

An inspection for building materials that contain asbestos has been completed for all buildings owned, leased or otherwise occupied by the Erlanger-Elsmere Board of Education. This inspection has been conducted by a certified inspector and the material samples were evaluated by an accredited laboratory. Building materials with as little asbestos as one percent (1%) have been identified and made a part of the Asbestos Management Plan.

A complete Asbestos Management Plan for the school district is on file at the Erlanger-Elsmere Board of Education office. A copy is also available for each individual school at the respective school's office.

We will continue to notify the public at least once a year on the status of the Asbestos Management Plan. Should it be necessary, more frequent updates will be issued from additional inspections, normal surveillance practices, response actions or remodel work that might disturb asbestos building materials. Every precaution will be used to protect the well being of students and employees of the Erlanger-Elsmere Public School System.

Joe Lewis
Asbestos Coordinator LEA

§ 763.84 Which certifies that the general, local education agency responsibilities, as stipulated by § 763.84, have been met or will be met.
