Erlanger Pledges to Glow Orange on April 11

To help shed light on the importance of work zone safety, the City of Erlanger city building, located at 505 Commonwealth Ave., will “Glow Orange” on Wednesday, April 11 during National Work Zone Awareness Week (April 9-13).

The Kentucky Transportation Cabinet is inviting organizations and residents to pledge to light buildings, structures, bridges, and homes in the color orange as part of the “Glow Orange, Kentucky” initiative inspired by the nation’s observance of “Go Orange Day”.

NWZAW takes place in April to mark the unofficial start of construction season for many states as the number of crews working on road projects increases.
