Phase Three: Executive Summary for Schools

Executive Summary for Schools

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Lloyd Memorial High School is set in an Urban setting in the Northern Kentucky area. We are a smaller independent school district nestled between Boone and Kenton County. The school district is land locked with only growth occurring inside the current boundaries. The community is filled with older homes that originate in the 1950's and 1960's. With our location at the intersection of Interstate I-275 and I-75 coupled with affordable and low income housing we see a high rate of transiency. The student population has grown from 537 in 2013 to 630 in 2018

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs.

Describe how the school embodies its purpose through its program offerings and expectations for students.

The mission of Lloyd Memorial High School is to provide all students with the educational skills that will enable them to be successful in any of a wide variety of choices for their future education or career. 1. Students are expected to adhere to school wide expectations established through our PBIS team 2. We offer a wide variety of educational offerings including vocational school to 9 Advanced Placement courses. 3. We offer a wide variety of after school programs that include but are not limited to: Athletics(7 mens and 7 womens varsity sports, Clubs, ESS, Band, Choir)

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

During the 2015-16 and the 2016-17 school year Lloyd Memorial High School was recognized as a Distinguished school. During the 2017-18 school year we were identified as a TSI school with targeted areas of special education and ELL students. Looking forward to the next three years the biggest area of growth we are looking to achieve is in the area of CTE. We are working to expand out offerings in the building and in the region. Through collaborative working groups we are providing more oppurtunities for students outside the traditional high school day. In 2018-19 school year we have reinstated a Co-op program where 50 seniors are working with local companies and Gateway Community Technical college to earn industry certifications and valuable work experience. This area of growth will help students motivation inside the traditional classes as they will be working towards areas that they truly want to be a part of.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

Erlanger Elsmere Community is proud of Lloyd Memorial High School. The school began in 1928 and has flourished in Northern Kentucky. The Juggernauts as we are called is the only one of its kind in the United States.
